Basic Workday Navigation

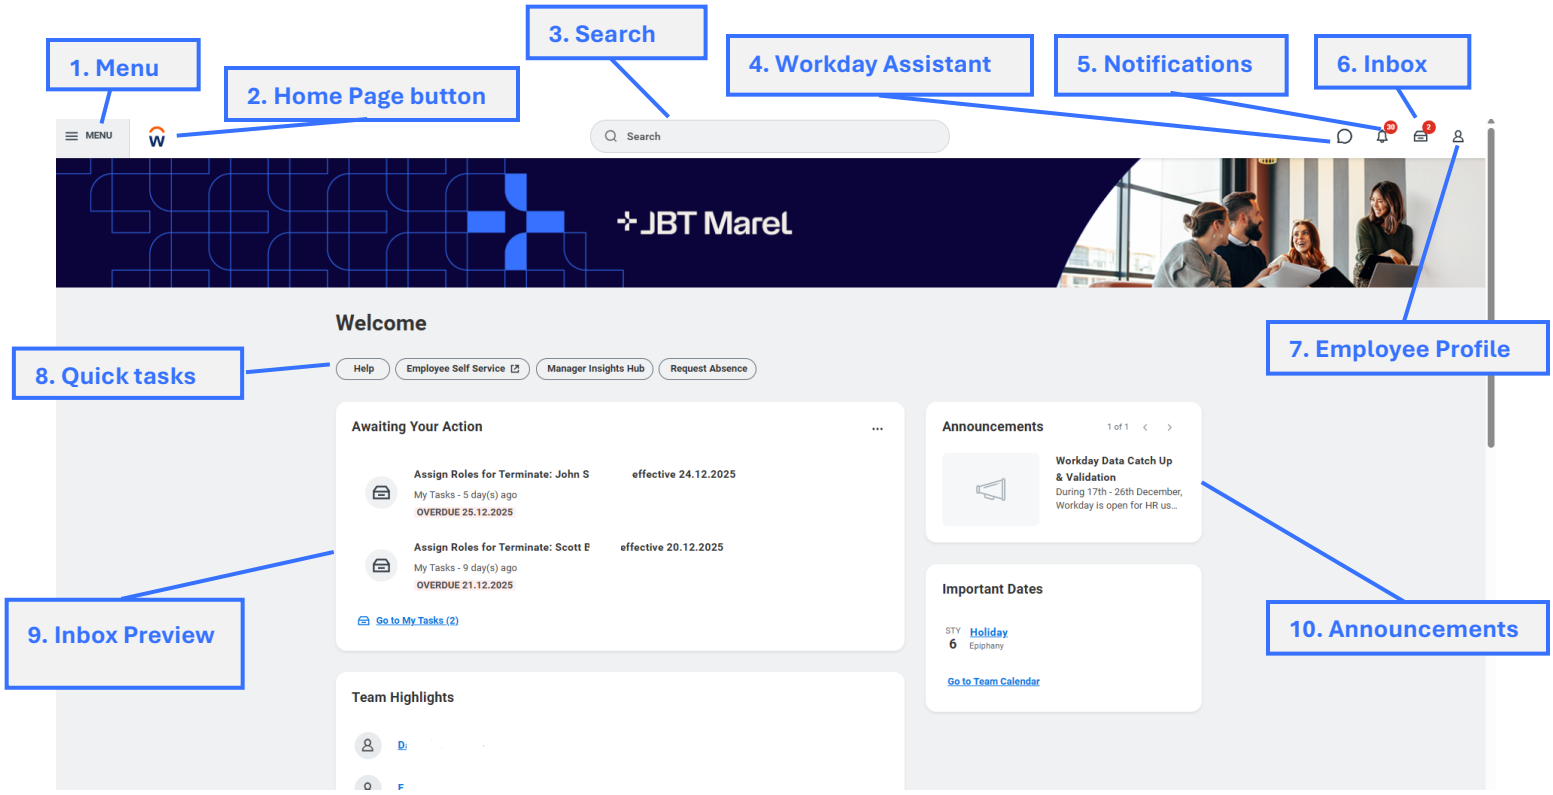
AUDIENCE: All Employees

OVERVIEW: This guide provides the steps of navigating in the Workday system to help you get started.

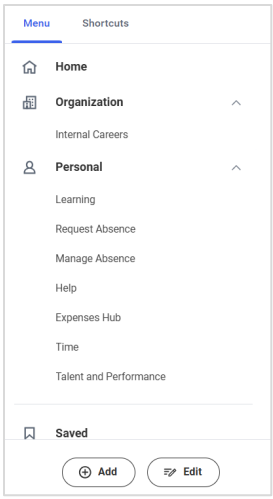
Editing Form Fields

The **Prompt** icon inside a field lets you choose a value from the available options. You can also start typing the value and press enter to view related search results.

A red asterisk next to a field indicates the field is **Mandatory** and must be filled to submit a form.



1. Menu



The **Menu** icon ☰ opens the **Global Navigation Menu**. From here, you can access all the **Apps** and **Shortcuts**.

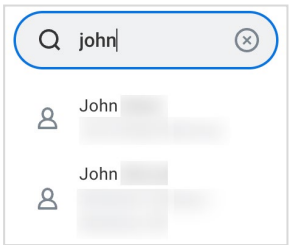
You can add Apps and Shortcuts to this menu for easy access. However, for your convenience and ease of navigation, **Your Top Apps** are displayed right on the Home Page. These will cover most of the information you need to access as an employee.

If an App you are looking for is not listed, click the **Add** button. Search for the App by name and click the **plus** button.

2. Home Page button

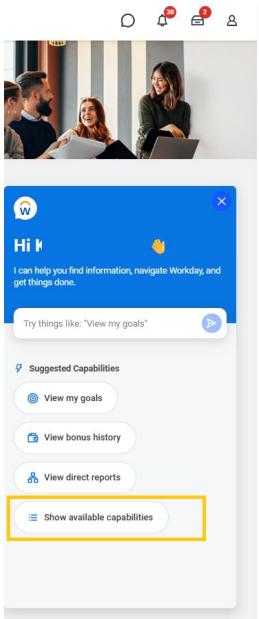
Clicking the **Workday logo icon** from any screen in Workday will bring you back to the Home Page.

3. Search Bar



You can search by partial names / phrases. You need to enter at least three characters to search. As you start typing, you may see prompts with potential matches. You can either select from this list of suggestions or press the **Enter** key to view all search results. You can use the **Categories** menu on the search results page to specify if you are looking for colleagues, tasks, or articles.

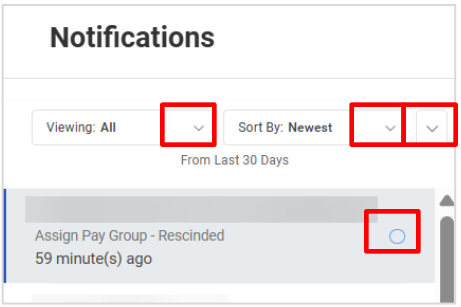
4. Workday Assistant



The Workday Assistant is a chatbot that simplifies your experience of navigating in the system.

For example, if you are looking for an article that contains a guide with step-by-step instructions to perform a task in Workday, you can simply type "**article**" in the chatbox.
The interactive chat feature will help you find related articles.
You can also click on ''Show available capabilities'' to show what chatbot agent enables:

5. Notifications



The **Notifications** bell contains important items for your reference; however, they do not need any action from your end. For example, if you are downloading a report, you may receive a notification when it is ready.

The number in the red circle indicates the number of new notifications that need your attention.

To mark a notification as "read" click the circle next to the notification.

Click the drop down next to **Viewing** to filter between **All** or **Unread**.

Click the drop down next to **Sort By Newest** or **Oldest.**

Click the drop down on the far right to mark all as **read** or **refresh** your notifications.

6. Inbox

The **Inbox** contains important items that require your action. For example, you will receive an Inbox task to update your tax withholding elections if you change your State.

The number in the red circle indicates the number of new tasks that require your action.

The **All Items** tab displays a detailed list of To Dos (tasks that require action from you) that have **yet to be completed**. Review and follow the instructions provided in the reading pane to complete them.

The **Archive** tab displays events that you have completed. From here, you can also view and track the status of tasks that you have initiated or have been involved in.

If you're a manager, this is where you will receive tasks that require your approval. Please refer to the **Workday Inbox Tasks and Filters** article for more information.

7. Profile

Via clicking on Profile icon you can access and view all information about yourself stored in Workday, such as your personal data, compensation and can add more information yourself, e.g. add career preferences or previous experience.

This space will display your profile picture if you have uploaded one. Clicking the profile picture or icon will display a menu:

Editable Fields	Key Considerations
View Profile	Click the View Profile link below your photo/icon to see a summary of your job details and contact information, including Compensation, Pay, Absence, and more. For more information on your profile, refer the View Your Workday Profile guide.
My Account	Click the arrow > to manage your account preferences (change password, change preferences, change public profile preferences, view sign on history). You can select change preferences to change your local language and currency.

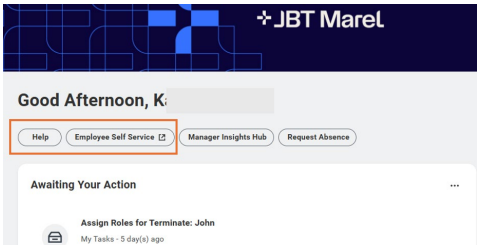
	Click **My Account** and **Change Public Profile Preferences** to update what Personal information is visible to other team members. • **Hide from Public** – Not visible to other team members when viewing your profile. • **Show to All** – visible in your profile to all team members.
Favorites	Click to access your favorite reports and tasks. To add an item to your favorites, search for the Manage Favorites task.
Drive	Click to view your files.
My Reports	Click the **My Reports** link to see the ten most recent reports that you have scheduled or previously run. You can also see reports that have been shared with you. This option is useful if you are a manager and need access to reports on your teams.
Sign Out	Click the **Sign Out** button to logout of the Workday session. Please sign out at the end of your session if you are using a shared computer/kiosk.

8. Quick Tasks

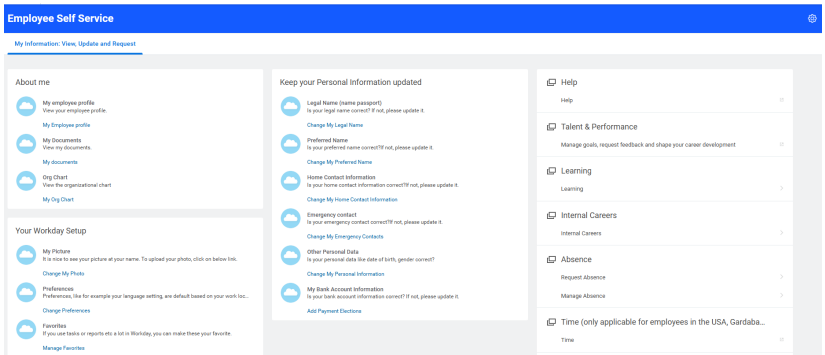
In this area, you will see shortcuts to the most common tasks in Workday. Click the required link to be redirected to the task.

The first one, “Help”, is a place to go for help. Here you can find articles with instructions shared with you.

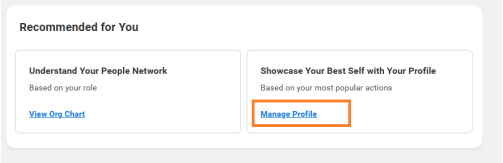
For Employees, useful shortcut to view all activities that employee can do in Workday is called ‘’Employee Self Service’’.



In this app, employee can initiate various self-service activities, such as adding employee photo, changing home address, adding dependants or adding career-related talent data as well.

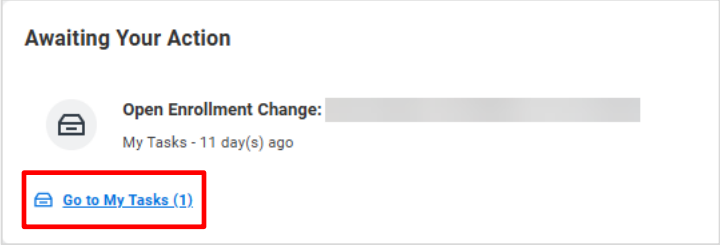


Employees can also update their talent profile via ‘Showcase Your Best Self with Your Profile’ task, available at the bottom of Home Page.



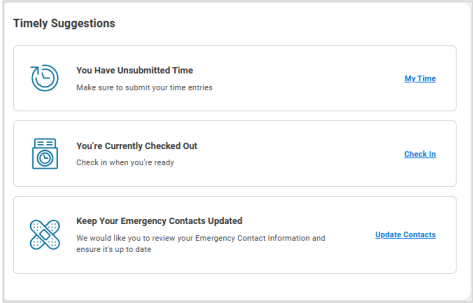
9. Inbox Preview

In this area, you will see a preview of your Inbox with the most recent tasks listed. You can click the **Go to My Tasks** link here or click the Inbox icon at the top-right corner of the home page.



Timely Suggestions:

In this area, you will see suggestions of activities you may be required to do periodically. Click the links provided to initiate the tasks.



10. Announcement

In this section, you will see important announcements, such as information about upcoming Goal Setting process and its timeliness. Announcement section is displayed when there is any news/announcements prepared for you. In case there is no news, section is not visible.
